Dazzle™ - 183m (200yd)  
Sizzle™ - 180m (197yd)  
InvisaFil™ - 2500m (2734yd)  
Mirage™ - 800m (875yd)

## Applications:

Razzle™, Dazzle™, and Sizzle™ are great for bobbin work, serging, couching, knitting, crochet, tassels, cording, fringes, bead work, thread painting, hand work, and friendship bracelets. InvisaFil™ is ideal for stitch in the ditch, top and bottom thread, bottom thread for delicate machine embroidery, hand and machine appliqué, free motion quilting, stippling, and English paper piecing. Choose Mirage™ for free motion quilting, decorative stitches, embroidery, thread painting, couching, and colouring.

## About Razzle™:

This sturdy 6-ply 100% rayon thread is comparable in weight to a number 8 perle cotton. The light play on Razzle intensifies stitchery depth and textural effects on wool, making this a stand out thread!

## About Dazzle™:

A sturdy 6-ply thread, Dazzle™ is comparable in weight to a number 8 perle cotton. This 100% rayon and metallic mix carries a naturally bright lustre with a silky finish. Because of Dazzle's™ light reflective properties and "pop" of metallic, the detail on wool appliqué and layering can be enhanced with edging stitches for that extra sparkle.

## About Sizzle™:

This 4-ply rayon thread is woven with three strands of metallic, giving it a highly textured and intensely sparkling surface. Comparable in weight to a number 8 perle cotton, Sizzle™ is stiffer and heavier with a coarse surface that makes a "sizzling" noise when you run your fingers across it.

# RDS-IM Embellisher 2-Sided Display

Embellisher F210 RDS-IM

Slimlined slatwall fixture holds 579 spools in five of Wonderfil's thread lines: Razzle™, Dazzle™, Sizzle™, InvisaFil™, and Mirage™. A great choice for a selection of decorative stitching, quilting, and specialty threads.

### About InvisaFil™:

Our thinnest thread line, InvisaFil™, is a remarkable silk-like 100wt, 2-ply cottonized polyester. This ultra-fine but surprisingly strong thread has cotton-like characteristics and negligible stretch while also feeling soft in the hand. InvisaFil makes for super low bulk stitches and virtually "disappears".

### About Mirage™:

Mirage™ is a 30wt rayon thread with a beautiful sheen, and has been random space dyed in variegated colours meaning that every spool you pick up is completely unique! Available in 40 colours, the random colour changes and contrasting tones of this thread are perfect for adding a naturally fluid appearance.
